DEFINITIONS

§3-122-1 Definitions. Definitions are in section 103D-104, HRS. The following definitions are also applicable to terms used in this chapter:

"Alternative procurement method" means a procurement method used due to a waiver from the competitive sealed bids or proposals process when one or no responsive, responsible offer is received.

"Award" means the written notification of the state's acceptance of a bid or proposal, or the presentation of a contract to the selected offeror.

"Best value" means the most advantageous offer determined by evaluating and comparing all relevant criteria in addition to price so that the offer meeting the overall combination that best serves the State is selected. These criteria may include, in addition to others, the total cost of ownership, performance history of the vendor, quality of goods, services, or construction, delivery, and proposed technical performance.

"Bid sample" means a sample to be furnished by a bidder to show the characteristics of the item offered in the bid.

"Brand name specification" means a specification limited to one or more items by manufacturers' names or catalogue numbers, commonly referred to as a

restrictive specification.

"Brand name or equal specification" means a specification which uses one or more manufacturer's names or catalogue numbers to describe the standard of quality, performance, and other characteristics needed to meet requirements, and which provides for the submission of equivalent products.

"Capability" means capability at the time of award of contract.

"Chief financial officer" means, depending upon the purchasing agency, either the comptroller, a county's director of finance, or the respective chief financial officers of the department of education, the judiciary, or the legislative branches of the State or county.

"Contract administrator" means the person designated to manage the various facets of contracts to ensure the contractor's total performance is in accordance with the contractual commitments and obligations to the purchasing agency are fulfilled.

"Descriptive literature" means information available in the ordinary course of business which shows the characteristics, construction, or operation of an item which enables the State to consider whether the item meets its needs.

"Design specifications" means the dimensional and other physical requirements of the item being purchased, how a product is to be fabricated or constructed.

"Discussion" means an exchange of information to promote understanding of a state agency's requirements and offeror's proposal and to facilitate arriving at a contract that will be the best value to the state. Discussions are not permissible in competitive sealed bidding, except to the extent permissible in the first phase of multi-step sealed bidding to determine the acceptability of technical offers.

"Opening" means the date set for opening of bids, receipt of unpriced technical offers in multi-step sealed bidding, or receipt of proposals in competitive sealed proposals.

"Performance specifications" means the functional or performance requirements of the item, what a product does and how well it performs.

"Practicable" and "Advantageous" shall be given ordinary dictionary meanings. "Practicable" means what

(2) Using agencies delegated the authority to prepare specifications may use any of the specifications defined herein.

(b) If a specification for general or common use item or a qualified products list exists for an item to be procured under subchapter 8, for small purchases, it shall be used. §3-122-12 Duties of the administrator. (a) The administrator of the state procurement office shall serve as the central procurement officer to coordinate, guide, and distribute specifications used by purchasing agencies, including specifications on recycled products. (b) The administrator of the state procurement office shall review and establish purchase specifications to guide state and county purchasing agencies in the procurement of recycled products.

(1) The specifications shall:

- (B) Include minimum standards of recovered material and postconsumer content; and
- (C) Ensure, to the maximum extent

economically feasible, the purchase of materials which may be recycled or reused when discarded and avoid the purchase of products deemed environmentally harmful.

- (2) The administrator shall periodically review its specifications to determine whether discrimination against procured goods with recycled content exists and shall revise these specifications to eliminate any discrimination.
- (3) Purchase specifications shall include, but not be limited to, office paper, printed material, paper products, paper, glass-by-products, plastic products, mulch and soil amendments, tires, batteries, oil, paving materials and base, subbase, and pervious backfill materials. Paving materials to be considered shall include, but are not limited to, asphalt, tires, crushed concrete for base, subbase, and paving materials. The standards and specifications shall provide for the use of recycled materials and shall not reduce the quality standards for any product or construction. - the item's ability to perform as required;
- (3) Brand name specification commonly referred to as restrictive specifications, may be used upon approval of the chief procurement officer after the purchasing agency makes a written determination that only the identified brand name item will satisfy the state's needs, and it is not practicable to use a less restrictive specification, provided that procurements pursuant to section 103D-305, HRS, do not require approval;
 - (4) Brand name or equal specification cites one or more brand names, model numbers, or other designations that identify the specific products as having the characteristics of the item desired; and
 - (5) Qualified or pre-approved products list is a list of goods, services, or construction items, which, prior to the opening of the competitive solicitation, are examined, tested, and determined to meet the applicable specification requirements.

(c) To the extent practicable, the State may procure standard commercial products using accepted commercial specifications. Specifications shall emphasize functional or performance criteria which do not discriminate against the use of recycled materials.

(d) The using agency shall submit advice and assistance in the development of specifications or plans pursuant to a request from the purchasing officer.

(e) A contractor paid for services to develop or prepare specifications or work statements shall be precluded from submitting an offer or receiving a contract for that particular solicitation.

 - (2) Clarifications may be issued anytime up to the scheduled deadline for receipt of offers.
 - (f) After submission of proposals, amendments may be made by addenda for solicitations pursuant to subchapters 6 and 6.5, subject to subsections 3-122-53(d) and (e) and 3-122-54(b). [Eff 11/15/03]

- (A) The bidder requests withdrawal by submitting documentation that demonstrates a mistake was made; and
 - (B) The procurement officer prepares a written approval or denial in response to the request.

(d) A mistake in a bid discovered after award of contract may be corrected or withdrawn if the chief procurement officer or head of the purchasing agency makes a written determination that it would be unreasonable not to allow the mistake to be remedied or withdrawn.

(e) The determination required by this section shall be final and conclusive unless they are clearly erroneous, arbitrary, capricious, or contrary to law.

§3-122-33 Bid evaluation and award. (a) The award shall be made to the lowest responsive, responsible bidder and shall be based on the criteria set forth in the invitation for bids.

(b) Only objectively measurable criteria which are set forth in the invitation for bids shall be applied and may include but not be limited to:

- (1) Discounts;
- (2) Transportation costs; and
- (3) Total or life cycle costs.

(c) Evaluation criteria need not be precise predictors of actual future costs, but to the extent possible the criteria shall:

- (1) Be reasonable estimates based upon information the government jurisdiction has available concerning future use; and
- (2) Treat all bids equitably.

(d) The invitation for bids shall set forth evaluation criteria to be used in determining product acceptability:

- (1) The solicitation may require the submission of samples, descriptive literature, technical data, or other material to verify product acceptability.
- (2) The solicitation may also provide for accomplishing any of the following prior to award:
 - (A) Inspection or testing of a product for characteristics as quality or workmanship;
 - (B) Examination of elements as appearance, finish, taste, or feel; or
 - (C) Other examinations to determine whether the product conforms to any other purchase description requirements.
- (3) The acceptability evaluation is not conducted for the purpose of determining whether one bidder's item is superior to another but only to determine that a bidder's offer is acceptable as set forth in the invitation for bids.
- (4) Any bidder's offering which does not meet the acceptability requirements shall be rejected as nonresponsive.

(e) The award shall be issued in writing to the lowest responsive, responsible bidder whose bid meets the requirements and criteria set forth in the invitation for bids and posted pursuant to section 103D-701, HRS, for five working days.

(f) In the event all bids exceed available funds the provisions of subsection 103D-302(h), HRS, shall apply. [Eff 12/15/95; am and comp 11/17/97; am and comp 7/25/02; am and comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-302)

§3-122-34 Low tie bids. (a) Low tie bids are bids from responsive, responsible bidders that are identical in price and which meet all the requirements and criteria set forth in the invitation for bids.

(b) At the discretion of the procurement officer, award shall be made in any permissible manner that will resolve tie bids, including but not limited to:

- (1) Award the contract to a business providing goods produced or manufactured in this State or to a business that otherwise maintains a place of business in this State; and
- (2) Award the contract to the bidder offering a low tie bid who received the previous award, and continue to award succeeding contracts to the same bidder so long as all low bids are identical.

(c) If no permissible method will be effective in resolving tie bids and a written determination is made so stating, award may be made by drawing lots.

(d) Records shall be made of all invitations for bids on which tie bids are received showing at least the following information and shall be made a part of the procurement file:

- (1) The identification number of the invitation for bids;
- (2) The good, service, or construction item; and
- (3) A listing of all the bidders and the prices submitted. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-302)

§3-122-35 Waiver to competitive sealed bid process. (a) If for a given invitation for bids, including multi-step bidding, there is only one responsive, responsible bidder:

- (1) An award may be made to the single bidder, provided:
 - (A) The procurement officer determines in writing that the price submitted is fair and reasonable, and that either:
 - (i) Other prospective bidders had

- reasonable opportunity to respond;
or
 - (ii) There is not adequate time for
resolicitation; or
 - (B) The bid exceeds available funds as
certified by the appropriate fiscal
officer and the price is negotiated
pursuant to subsection 103D-302(h), HRS.
- (2) The bid may be rejected pursuant to
subchapter 11 and new bids or offers may be
solicited if the conditions in paragraph (1)
are not met.
- (3) The proposed procurement may be canceled; or
- (4) An alternative procurement method may be
conducted to include but not be limited to
direct negotiations with the sole bidder
first, and then with any contractor or vendor
should negotiations with the sole bidder
fail, provided the procurement officer
determines in writing that the need for the
good, service, or construction continues, but
that the price of the one bid is not fair and
reasonable and either that:
 - (A) There is no time for resolicitation, or
 - (B) Resolicitation would likely be futile.
- (b) If for a given invitation for bids, including
multi-step bidding, there are no bids received or there
are no responsive, responsible bidders, the procurement
officer may determine that it is neither practicable,
nor advantageous to the State to issue a new
solicitation.
 - (1) When making this determination, consideration
shall be given to:
 - (A) Time constraints;
 - (B) Competition in the marketplace; and
 - (C) Whether the additional potential cost of
preparing, soliciting, and evaluating
competitive sealed bids is expected to
exceed the benefits normally associated
with the solicitations.
 - (2) In the event of this determination, an
alternative procurement method may be
selected to include, but not be limited to,
direct negotiations.
 - (c) Documentation of the alternative procurement
method selected shall:
 - (1) State the reasons for selection and length of
contract period;
 - (2) Receive prior approval of the chief

- procurement officer or a designee; and
- (3) Be made a part of the contract file upon award by the procurement officer. [Eff 12/15/95; am and comp 11/17/97; am and comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-302)

SUBCHAPTER 6

COMPETITIVE SEALED PROPOSALS

§3-122-41 Purpose. The purpose of this subchapter is to provide rules for the use of the competitive sealed proposal method of source selection when it is determined that competitive sealed bidding is neither practicable nor advantageous to the State. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-303)

§3-122-42 REPEALED. [R 11/15/03]

§3-122-43 When competitive sealed bidding is not practicable or advantageous. (a) Unless the nature of the procurement permits award to a low bidder who agrees by its bid to perform without condition or reservation in accordance with the purchase description, delivery or performance schedule, and all other terms and conditions of the invitation for bids, competitive sealed bidding is not practicable or advantageous.

(b) A determination may be made to use competitive sealed proposals if it is determined that competitive sealed bidding is not practicable, even though advantageous. Factors to be considered in determining whether competitive sealed bidding is not practicable include:

- (1) Whether the primary consideration in determining award may not be price;
- (2) Whether the contract needs to be other than a fixed-price type;
- (3) Whether the specifications for the goods,

services, or construction, or delivery requirements cannot be sufficiently described in the invitation for bids;

- (4) Whether oral or written discussions may need to be conducted with offerors concerning technical and price aspects of their proposals;
- (5) Whether offerors may need to be afforded the opportunity to revise their proposals, including price; and
- (6) Whether award may need to be based upon a comparative evaluation as stated in the request for proposals of differing price, quality, and contractual factors in order to determine the most advantageous offering to the State. Quality factors include technical and performance capability and the content of the technical proposal.

(c) A determination may be made to use competitive sealed proposals if it is determined that competitive sealed bidding is not advantageous, even though practicable. Factors to be considered in determining whether competitive sealed bidding is not advantageous include:

- (1) If prior procurements indicate that competitive sealed proposals may result in more beneficial contracts for the State; and
- (2) Whether the factors listed in subsections 3-122-43(4) through 3-122-43(6) are desirable in conducting a procurement rather than necessary; if they are, then the factors may be used to support a determination that competitive sealed bidding is not advantageous.

(d) The determinations required by this section shall be final and conclusive unless they are clearly erroneous, arbitrary, capricious, or contrary to law. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; am and comp 11/15/03] (Auth: HRS §§103D-202, 103D-318) (Imp: HRS §§103D-303, 103D-318)

§3-122-44 REPEALED. [R 11/17/97]

§3-122-45 Determinations. (a) Pursuant to subsection 103D-303(a), HRS, the procurement policy board may approve a list of goods, services, or construction that may be procured by competitive sealed

proposals without a determination by the head of the purchasing agency.

(b) The list shall be reviewed by the board biennially and issued by procurement policy board directive as an attachment to subchapter 6. Although the good, service, or construction is listed, purchasing agencies may use the competitive sealed bidding process under section 103D-302, HRS.

(c) If the procurement is not listed pursuant to subsection (a), the head of a purchasing agency shall then determine in writing that competitive sealed proposals is a more appropriate method of contracting in that competitive sealed bidding is neither practicable nor advantageous. The determinations may be made for categories of goods, services, or construction rather than by individual procurement. Procurement of the goods, services, or construction so designated may then be made by competitive sealed proposals without making the determination that competitive sealed proposals is a more appropriate method of contracting.

(d) When it is determined that it is more practicable or advantageous to the State to procure construction by competitive sealed proposals:

(1) A procurement officer may issue a request for proposals requesting the submission of proposals to provide construction in accordance with a design provided by the offeror; and

(2) The request for proposals shall require that each proposal submitted contain a single price that includes both design and build.

(e) The head of the purchasing agency who made the determination may modify or revoke it at any time and the determination shall be reviewed for current applicability on the next procurement for the goods, services, or construction. The head of the purchasing agency may also request that the procurement of the goods, services, or construction by competitive sealed proposals be added to or deleted from the list in subsection (b).

(f) The determinations required by this section shall be final and conclusive unless they are clearly erroneous, arbitrary, capricious, or contrary to law. [Eff 12/15/95; am and comp 11/17/97; am 07/06/99; am and comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-303, 103D-318) (Imp: HRS §§103D-303, 103D-318)

§3-122-45.01 Evaluation Committee. Prior to the preparation of the request for proposals, a determination shall be made by the procurement officer that the procurement officer or an evaluation committee selected in writing by the procurement officer shall evaluate the proposals. A copy of the document identifying any committee members and any subsequent changes thereto shall be placed in the contract file.

- (1) The evaluation committee shall consist of at least three governmental employees with sufficient qualifications in the area of the goods, services, or construction to be procured.
- (2) Private consultants may also serve on the committee and shall:
 - (A) Have sufficient knowledge to serve on the committee;
 - (B) Serve without compensation, unless justified and determined in writing by the head of the purchasing agency that compensation is justified; and
 - (C) Sign an affidavit:
 - (i) Attesting to having no personal, business, or any other relationship that will influence their decision in the evaluation process;
 - (ii) Agreeing not to disclose any information on the evaluation process to other than an employee of a governmental body; and
 - (iii) Agreeing that their names will become public information upon award of the contract.
- (3) The contract administrator shall serve as a member of the committee.
- (4) The contract administrator or a designee shall serve as chairperson and the procurement officer or a designee as advisor.

§3-122-46 Preparing a request for proposals. The request for proposals is used to initiate a competitive sealed proposal procurement and shall include:

- (1) The specifications for the goods, services, or construction items to be procured, including a description of the performance or benefit required;

- (2) All contractual terms and conditions applicable to the procurement;
- (3) A statement as to when and in what manner prices are to be submitted;
- (4) A statement concerning whether the proposal shall be accompanied by a proposal security pursuant to subchapter 24 or other evidence of financial responsibility;
- (5) The term of the contract and conditions of renewal or extension, if any;
- (6) Instructions and information to offerors, including pre-proposal conferences, the location where proposals are to be received, and the date, time, and place where proposals are to be received and reviewed;
- (7) The relative importance of price and other evaluation criteria; and specific evaluation criteria to be used in evaluation of proposals which may include but is not limited to:
 - (A) Technical capability and approach for meeting performance requirements;
 - (B) Competitiveness and reasonableness of price;
 - (C) Managerial capabilities; and
 - (D) Best value factors;
- (8) A statement that discussions may be conducted with "priority-listed offerors" pursuant to section 3-122-53, but that proposals may be accepted without discussions; and
- (9) A statement that offerors shall designate in writing those portions of the unpriced proposal that contain trade secrets or other proprietary data that are to remain confidential, subject to section 3-122-58; that the material designated as confidential shall be readily separable from the proposal in order to facilitate inspection of the nonconfidential portion of the proposal.

§3-122-51 Receipt and registration of proposals.

(a) Proposals and modifications shall be time-stamped upon receipt and held in a secure place by the procurement officer until the established due date. Purchasing agencies may use other methods of receipt when approved by the chief procurement officer.

- (1) Proposals and modifications shall not be opened publicly, but shall be opened in the presence of two or more state officials.
- (2) Proposals and modifications shall be shown only to members of the evaluation committee and state personnel or their designees having legitimate interest in them.

(b) After the date established for receipt of proposals, a register of proposals shall be prepared which shall include for all proposals:

- (1) The name of each offeror;
- (2) The number of modifications received, if any; and
- (3) A description sufficient to identify the good, service, or construction item offered.

(c) The register of proposal shall be open to public inspection as provided in section 3-122-58.

§3-122-52 Evaluation of proposals. (a)

Evaluation factors shall be set out in the request for proposals and the evaluation shall be based only the evaluation factors. Evaluation factors not specified in the request for proposals may not be considered.

(b) A numerical rating system shall be used. The relative priority to be applied to each evaluation factor shall also be set out in the request for proposals.

(c) The points to be applied to each evaluation factor shall be set out in the request for proposals.

- (1) The procurement officer, or each member of

- the evaluation committee, as applicable, shall explain his or her ranking determination in writing which shall be placed in the procurement file.
- (2) The written ranking evaluations or explanations shall be available for public inspection after the award of the contract is posted.
 - (d) When applicable, cost shall be an evaluation factor.
 - (1) The proposal with the lowest cost factor must receive the highest available rating allocated to cost. Each proposal that has a higher cost factor than the lowest must have a lower rating for cost.
 - (2) If a numerical rating system is used to evaluate the cost factor, the points allocated to higher-priced proposals must be equal to the lowest proposal price multiplied by the maximum points available for price, divided by the higher proposal price.
 - (e) An evaluation factor must be included which takes into consideration whether an offeror qualifies for any procurement preferences pursuant to chapter 3-124.
 - (f) Evaluations may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, handicap, or political affiliation of the offeror. [Eff 12/15/95; comp 11/17/97; am and comp 7/25/02; am and comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-303)

§3-122-53 Discussions with offerors. (a) Before conducting discussions, a "priority list" shall be generated by the procurement officer or evaluation committee.

- (1) In order to generate a priority list, proposals shall be classified initially as acceptable, potentially acceptable, or unacceptable.
- (2) All responsible offerors who submit acceptable or potentially acceptable proposals are eligible for the priority list.
- (3) If numerous acceptable and potentially acceptable proposals have been submitted, the procurement officer or the evaluation committee may rank the proposals and limit

the priority list to at least three responsible offerors who submitted the highest-ranked proposals.

- (4) Those responsible offerors who are selected for the priority list are referred to as the "priority-listed offerors."

(b) Discussions will be limited to only "priority-listed offerors" and are held to:

- (1) Promote understanding of a state agency's requirements and priority-listed offerors' proposals; and
- (2) Facilitate arriving at a contract that will provide the best value to the State, taking into consideration the evaluation factors set forth in the request for proposals.

The procurement officer shall establish procedures and schedules for conducting discussions and keep a record of the date, place, purpose of meetings and those attending.

(c) Proposals may be accepted on evaluation without discussion.

(d) Priority-listed offerors shall be accorded fair and equal treatment with respect to any opportunity for discussions and revisions of proposals.

- (1) Any substantial oral clarification of a proposal shall be reduced to writing by the priority-listed offeror.
- (2) If during discussions there is a need for any substantial clarification or change in the request for proposals, the request for proposals shall be amended by an addendum to incorporate the clarification or change.

(e) Addenda to the request for proposals shall be distributed only to priority-listed offerors.

- (1) The priority-listed offerors shall be permitted to submit new proposals or to amend those submitted.
- (2) If in the opinion of the procurement officer or the evaluation committee, a contemplated amendment will significantly change the nature of the procurement, the request for proposals shall be canceled and a new request for proposals issued.

(f) The contents of any proposal shall not be disclosed so as to be available to competing offerors during the discussion process. [Eff 12/15/95; comp 11/17/99; am and comp 7/25/02; comp 11/15/03]

§3-122-54 Best and final offers. (a) The procurement officer shall establish a date and time for the priority-listed offerors to submit their best and final offers.

(b) Best and final offers shall be submitted only once, unless the chief procurement officer or the head of a purchasing agency or a designee of either officer above the level of procurement officer determines in writing that it is in the State's best interest to conduct additional discussions or change the State's requirements by an addendum distributed only to priority-listed offerors and require another submission of best and final offers. Otherwise, no discussion of or changes in the best and final offers shall be allowed prior to award.

(c) Priority-listed offerors shall also be informed that if they do not submit a notice of withdrawal or another best and final offer, their immediate previous offer will be construed as their best and final offer.

(d) After best and final offers are received, final evaluations will be conducted for an award pursuant to section 3-122-57. [Eff 12/15/95; am and comp 11/17/97; am and comp 7/25/02; am and comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-303)

Other criteria may not be used in the evaluation. The contract file shall include the basis for selecting the successful offeror.

(b) Refer to section 103D-312, HRS, and subchapter 15 for cost or pricing data requirements.

(c) The determinations required by this section shall be final and conclusive unless they are clearly erroneous, arbitrary, capricious, or contrary to law.

§3-122-58 Public inspection. (a) The existing contract file, except those portions the offeror designates in writing as trade secrets or other proprietary data to be confidential subject to subsection (b), shall be available for public inspection upon posting of award pursuant to section 103D-701, HRS. (c) If the attorney general or corporation counsel determines in writing that the material designated as confidential is subject to disclosure, the material shall be open to public inspection unless the offeror appeals pursuant to section 92F-42(1), HRS.

(d) When a purchasing agency denies a person access to a state procurement record, the person may appeal the denial to the office of information practices in accordance with section 92F-15.5, HRS.

§3-122-59 Waiver to competitive sealed proposal process. (a) If for a given request for proposals,

there is only one responsible offeror submitting an acceptable proposal:

- (1) An award may be made to the single offerer, provided the procurement officer determines in writing that the price submitted is fair and reasonable and that either:
 - (A) Other prospective offerors had reasonable opportunity to respond; or
 - (B) There is not adequate time for resolicitation.
 - (2) The offer may be rejected pursuant to subchapter 11 and new requests for proposals may be solicited if the conditions in paragraph (1) are not met.
 - (3) The proposed procurement may be cancelled.
 - (4) An alternative procurement method may be conducted to include, but not be limited to, direct negotiations with the sole offeror first, and then with any contractor or vendor should negotiations with the sole offeror fail, provided the procurement officer determines in writing that the need for the good, service, or construction continues, but that the price of the one offer is not fair and reasonable and that either:
 - (A) There is no time for resolicitation, or
 - (B) Resolicitation would likely be futile.
- (b) If for a given request for proposals, there are no proposals received or there are no responsible offerors submitting acceptable proposals, the procurement officer may determine that it is neither practical, nor advantageous to issue a new solicitation.
- (1) When making this determination, consideration shall be given to:
 - (A) Time constraints;
 - (B) Competition in the marketplace; and
 - (C) Whether the additional potential cost of preparing, soliciting, and evaluating competitive sealed proposals is expected to exceed the benefits normally associated with the solicitations.
 - (2) In the event of this determination, an alternative procurement method may be selected, to include but not be limited to, direct negotiations.
- (c) Documentation of the alternative procurement method selected shall:
- (1) State the reasons for selection and length of

- contract period;
- (2) Receive prior approval of the chief procurement officer or a designee; and
 - (3) Be made a part of the contract file upon award by the procurement officer. [Eff 12/15/95; am and comp 11/17/97; am and comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-303)

§3-122-60 Debriefing. (a) The purpose of a debriefing is to inform the nonselected offerors of the basis for the source selection decision and contract award.

(b) A written request for a debriefing shall be made within three working days after the posting of the award of the contract.

(c) Debriefing shall be held by the procurement officer or designee, to the maximum extent practicable, within seven working days; provided the procurement officer or designee may determine whether or not to conduct individual or combined debriefings.

(d) A protest submitted pursuant to section 103D-701, HRS, following a debriefing shall be filed within five working days, as specified in section 103D-303(h), HRS. [Eff 11/15/03] (Auth: HRS §§103D-202, 103D-303) (Imp: HRS §103D-303)

SUBCHAPTER 6.5

MULTI-STEP COMPETITIVE SEALED BIDDING

§3-122-61.05 Purpose. The purpose of this subchapter is to provide rules for the use of the multi-step competitive sealed bidding method of source selection when it is determined that award to the lowest responsive, responsible bidder is desired, but it is not practical to initially prepare a definitive purchase description which will be suitable to permit an award based on price, and it is desirable, prior to soliciting priced bids, to:

- (1) Invite and evaluate technical proposals to determine their acceptability to fulfill the purpose of the procurement; and

- (2) Conduct discussions pursuant to section 3-122-53. [Eff 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-302)

§3-122-61.06 Preparing a multi-step invitation for bids. (a) The multi-step sealed bidding process uses an invitation for bids consisting of two phases, and combines the receipt of proposals of the competitive sealed proposals process and the low priced bid award of the competitive sealed bidding process.

- (1) Phase one is composed of one or more steps in which bidders submit unpriced proposals to be evaluated based on criteria set forth in the invitation for bids; and
 - (2) Phase two in which those bidders whose unpriced proposals are determined to be acceptable have their priced bids considered and award is made to the lowest responsive, responsible bidder.
- (b) The two-phase invitation for bids shall conform to the requirements of section 3-122-21, including the following:
- (1) That unpriced proposals are requested;
 - (2) Whether priced bids are to be submitted at the same time as unpriced technical proposals, and if they are, that the priced bids shall be submitted in a separately sealed envelope;
 - (3) That the priced bids will be considered only in phase two and only from those bidders whose unpriced technical proposals are found acceptable in phase one;
 - (4) That the State, to the extent the procurement officer finds necessary, may conduct discussions pursuant to section 3-122-53; and
 - (5) That the good, service, or construction being procured shall be furnished generally in accordance with the bidder's unpriced technical offer as found to be finally acceptable and shall meet the requirements of the invitation for bids. [Eff 11/15/03] (Auth: HRS §§103D-202, 103D-302) (Imp: HRS §103D-302)

§3-122-61.07 Phase one. Phase one shall be conducted in accordance with subchapter 6, with the exception of the rules relating to the priced offer and

the following:

- (2) The procurement officer shall notify the bidder in writing when oral or written discussions are not conducted, and upon written request from the bidder, the bidder shall be given the opportunity to review the evaluation of its offer and meet with the evaluator(s) to discuss the evaluation at least five working days prior to the deadline for receipt and opening of the priced offers. (b) After the contract is awarded, the following information shall be open to public inspection, including but not limited to the contract, the list of qualified persons, the screening committee's criteria for selection established under subsection 103D-304(d), HRS, and the statements of qualifications and related information submitted by the qualified persons, except those portions for which a written request for confidentiality has been made subject to section 3-122-58.

§3-122-65 REPEALED. [R 7/25/02]

§3-122-66 Waiver to requirement for procurement of professional services. (a) If the names of less than three qualified persons are submitted pursuant to subsection 103D-304(d), HRS, the head of the purchasing agency may determine that:

- (1) Negotiations under subsection 103D-304(e) may be conducted provided that:

- (3) The proposed procurement may be cancelled; or
- (4) An alternative procurement method may be conducted to include but not be limited to direct negotiations with other potential offerors if the head of the purchasing agency determines in writing that the need for the service continues, but that either the price of the offers received are not fair and reasonable or that the qualifications of the offerors are not adequate to meet the procurement needs, and there is no time for resolicitation, or resolicitation would likely be futile.

(b) If no names are submitted pursuant to subsection 103D-304(d), HRS, the head of the purchasing agency may determine that for a given request it is neither practicable nor advantageous for the State to procure a service by again soliciting statements of qualifications and expressions of interest.

- (1) When making this determination, consideration shall be given to the competition in the marketplace and whether the additional potential cost of preparing, soliciting and evaluating responses is expected to exceed the benefits normally associated with the solicitations; and
- (2) In the event of this determination, a more cost effective procurement method may be selected, to include but not be limited to direct negotiations.

(c) Documentation of the alternative procurement method selected shall:

- (1) State the reasons for selection and length of contract period;

SUBCHAPTER 8

SMALL PURCHASES

§3-122-73 Definitions. As used in this subchapter:

"Adequate and reasonable competition" means the amount of vendors solicited based upon the number of vendors available and the value or price of the goods, service, or construction. Because of variations in circumstances, it is not possible to define what is adequate and reasonable competition for every small procurement. However, in general, the more vendors there are that can meet the needs of the agency, or the higher the price of the goods, services, or construction, then a greater number of vendors should be solicited. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-305) (Imp: HRS §§103D-104, 103D-305)

§3-122-74 General provisions. (a) Small purchases shall be subject to section 103D-305, HRS, and do not require public notice or public bid openings.

(b) Small purchase contracts for professional services may be procured pursuant to this subchapter or subsection 103D-304(g), HRS.

(c) Unless otherwise exempt, purchasing agencies delegated small purchase authority shall comply with state procurement office price or vendor lists, price schedules, or other chief procurement officer lists and schedules, where applicable.

(d) Purchases shall not be parceled by dividing the purchase of same, like, or related items of goods, services, or construction into several purchases of smaller quantities, so as to evade the statutory competitive bidding requirements. For additional details, refer to chapter 3-131.

(e) Preferences pursuant to part X, chapter 103D, HRS, shall not apply to small purchases. [Eff

§3-122-75 Goods, services and construction. (a) Goods, services, and construction subject to section 103D-305, HRS, shall:

- (1) Insofar as it is practical be based on the agency's specifications, with adequate and reasonable competition;
- (2) Consider all criteria, including but not limited to quality, warranty, and delivery; and
- (3) Be awarded to the vendor providing the best value to the State.

(b) The procurement policy board shall by procurement directive establish the procedures to be used for this section. [Eff 12/15/95; am and comp 11/17/97; am and comp 7/25/02; am 7/3/03; comp 11/15/03] (Auth: HRS §§103D-202, 103D-305) (Imp: HRS §103D-305)

SUBCHAPTER 9

SOLE SOURCE PROCUREMENT

§3-122-81 General provisions. (a) Sole source procurement shall be in accordance with section 103D-306, HRS, with the exception of sole source procurement subject to section 103D-305, HRS.

(b) A sole source purchase may be made when only one source is available for a purchase, unless the expenditure is expressly exempt from public bidding by

law or rule.

(c) Justification for a sole source purchase must establish that the good, service, or construction has a unique feature, characteristic, or capability essential to the agency to accomplish its work and is available from only one supplier or source.

Examples are:

- (1) Proprietary item;
- (2) Compatibility to existing equipment; or
- (3) Public utility repair or construction that can only be provided by the utility company;

(d) The contract period for a sole source procurement shall not exceed one year, unless approval is granted for a multi-term contract pursuant to section 3-122-149.

(e) Approval for sole source procurement may be granted by the chief procurement officer when there is a requirement for a good or service in limited quantity for test or evaluation purpose.

(f) The following are not justifications for sole source procurements:

- (1) An item is referred to by an exact brand but there are other brands that qualify as "equals."
- (2) An item is unique, but is available from more than one supplier, called a "restrictive" purchase subject to bidding.
- (3) The fact that a person or organization is or has been furnishing services to a purchasing agency does not, by itself, render the person or organization the only source for the type of service required.
- (4) The potential loss of funds at the end of a fiscal year.

(g) The procurement officer should conduct negotiations with the sole source vendor to determine the factors as cost, quality, terms, and delivery.

(h) Refer to section 103D-312, HRS, and subchapter 15 for cost or pricing data requirements.

(i) A purchase order shall be issued or a certification that funds are available for the amount of purchase shall be obtained for a sole source purchase, pursuant to section 103D-309, HRS, and subchapter 12.

(j) Pursuant to section 103D-306(c), HRS, the procurement policy board shall maintain a list of sole source procurements that may be procured without obtaining a sole source approval, pursuant to section 3-122-82. The chief procurement officer may request

reports from the heads of purchasing agencies on sole source procurements.

The list of sole source procurements shall be reviewed by the board biennially and issued by procurement policy board directive as an attachment to subchapter 9. Purchasing agencies shall cite on the purchase order or on the contract the sole source authority as Procurement Policy Board HAR Sole Source Number (cite sole source number from the list)". [Eff 12/15/95; am and comp 11/17/97; am 7/6/99; am and comp 7/25/02; comp 11/15/03](Auth: HRS §§103D-202, 103D-306, 103D-312) (Imp: HRS §§103D-306, 103D-309, 103D-312)

§3-122-82 Sole source approvals and amendments.

(a) Forms required to implement the provisions for sole source approval will be distributed by the chief procurement officer.

(b) To obtain sole source approval from the chief procurement officer, the following procedures shall be followed:

- (1) Complete and submit a "Request For Sole Source" to the chief procurement officer. Heads of purchasing agencies shall certify to the best of their knowledge that the information provided is true and correct; and
- (2) Complete and submit a "Notice of Sole Source" which shall serve as a written determination to issue a sole source contract.

(c) The chief procurement officer shall post a copy of the "Notice of Sole Source" in a designated area accessible to the public, at least seven days prior to any approval action.

- (1) Any inquiries shall be directed to the designated contact person of the purchasing agency.
- (2) Any objections to the request for sole source shall be submitted in writing and received by the chief procurement officer within seven days from the date the notice was posted. The chief procurement officer shall place the sole source request on hold, review the objection, and provide a written determination to the person submitting the objection. All documents relating to the objection, including written summary of the disposition of the objection, shall be kept with the sole source file.

(d) Amendment to a contract that would change the original scope of the contract, or increase the original contract price by ten per cent or more, may only be made with the approval of the chief procurement officer. The annual renewal of a sole source contract for services shall not be submitted as an amendment, but as a new request. To amend a sole source contract, the purchasing agency shall complete and submit a "Notice of Amendment to Sole Source Contract" to the chief procurement officer. The posting and approval procedures provided in section 3-122-82(c) shall be followed.

(e) The determinations required by this section shall be final and conclusive unless they are clearly erroneous, arbitrary, capricious, or contrary to law. (b) Emergency procurement as defined in section 103D-307, HRS, may be utilized to purchase only the immediate needs for the emergency and not subsequent non-emergency requirements.

(c) The potential loss of funds at the end of a fiscal year is not an emergency. [Eff 12/15/95; am and comp 11/17/97; am and comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-307)

- (3) Amount of expenditure;
- (4) Listing of the good, service, or construction; and

- (1) Cancellation prior to opening:

- (2) Cancellation after opening but prior to award:
 - (A) The goods, services, or construction being procured are no longer required;

(b) A proposal may be accepted with modification or correction, unless the solicitation states otherwise.

- (1) This allowance must be considered in determining whether reasons exist for rejecting all or any part of a proposal.

 - (B) The proposal, after any opportunity has passed for modification or clarification, fails to meet the announced requirements of the agency in some material respect; or
 - (C) The proposed price is clearly unreasonable.

(c) An offeror may not limit acceptance to the entire bid or proposal offering, unless allowed by the solicitation:

- (1) If the acceptance of an offer is so limited by the offeror but not allowed, the offer will be determined to be not acceptable and rejected.
 - (2) If the acceptance of an offer is so limited by the offeror and allowed, the purchasing agency shall not reject part of the offer and award on the remainder.
- (d) A written notice shall be sent to the offeror

(c) All state and county procurement officers or agents shall withhold final payment of a contract included in subsection (a), until receipt of:

- (1) A tax clearance certificate from the director of taxation and the Internal Revenue Service, subject to section 103D-328, HRS, current within two months of issuance date; and
- (2) A certification from the contractor affirming that the contractor has, as applicable, remained in compliance with all laws as required by this section. A contractor making a false affirmation shall be suspended and may be debarred pursuant to section 103D-702, HRS.

(d) This section shall not apply to any contract to the extent it jeopardizes federal funding. [Eff 11/15/03] (Auth: HRS §§103D-202, 103D-310) (Imp: HRS §103D-310)

SUBCHAPTER 14

PREQUALIFICATION OF SUPPLIERS

§3-122-116 Conditions for prequalification of suppliers. Prequalification of suppliers for particular types of goods, services, and construction shall be allowed under the following conditions:

- (1) To limit a solicitation to those vendors who meet statutory or licensing requirements applicable to the solicitation;
- (2) To minimize the time necessary to verify vendor qualifications which otherwise would jeopardize timely award of contracts. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-311) (Imp: HRS §103D-311)

SUBCHAPTER 15

COST OR PRICING DATA

§3-122-121 Scope and application. The cost and pricing data requirement in this subchapter applies to contracts when either cost or pricing data or both are required to be submitted pursuant to section 3-122-123, except for the following:

- (1) Small purchases; or
- (2) A contract let by competitive sealed bidding or multi-step bidding, except when price adjustments are subsequently made to the contract pursuant to section 3-122-123. [Eff 12/5/95; am and comp 7/25/02; comp 11/15/03] Auth: HRS §103D-202) (Imp: HRS §103D-312)

§3-122-122 Cost or pricing data defined. Cost

and pricing data means all facts as of the date of price agreement that prudent buyers and sellers would reasonably expect to affect price negotiations significantly. Cost or pricing data are factual, not judgmental, and are therefore verifiable. While they do not indicate the accuracy of a prospective contractor's judgment about future costs or projections, they do include the data forming the basis for that judgment. Cost or pricing data are more than historical accounting data; they are all facts that can reasonably be expected to contribute to the soundness of estimates of future costs and to the validity of determinations of costs already incurred. They also include factors as:

- (1) Vendor quotations;
 - (2) Nonrecurring costs;
 - (3) Information on changes in production methods and in production or purchasing volume;
 - (4) Data supporting projections of business prospects and objectives and related operations costs;
 - (5) Unit cost trends as those associated with labor efficiency;
 - (6) Make or buy decisions;
 - (7) Labor union contract negotiations; and
 - (8) Information on management decisions that could have a significant bearing on costs.
- [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202)
(Imp: HRS §103D-312)

§3-122-123 Requirement for cost or pricing data.
The procurement officer shall require cost or pricing data or both in support of the following, and may require for professional services pursuant to subchapter 7:

- (1) Any contract, resulting from competitive sealed proposals or sole source procurement, expected to exceed \$100,000;
- (2) Any price adjustment to a contract involving aggregate increases and decreases in costs plus applicable profits expected to exceed \$100,000, including a contract resulting from competitive sealed bidding, whether or not cost or pricing data were required in connection with the initial pricing of the contract, except when unrelated and separately priced adjustments, not requiring

- cost or pricing data if considered separately, are consolidated for administrative convenience; or
- (3) A written determination by a procurement officer that the circumstances warrant requiring submission of cost or pricing data provided, however, when less than complete cost analysis, for example; analysis of only specific factors will provide a reasonable pricing result on awards under \$100,000 without the submission of complete cost or pricing data, the procurement officer shall request only that data considered adequate to support the limited extent of the cost analysis needed and need not require certification. [Eff 12/15/95; comp 11/17/97; am and comp 7/25/02; am and comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-312)

§3-122-124 Exceptions to the requirement for cost or pricing data. (a) Cost or pricing data need not be submitted or certified where the contract price is based on:

- (1) Adequate price competition which means at least two responsible offerors independently compete for a contract to be awarded to the offeror submitting the lowest evaluated price.
- (2) Established catalogue price which means the price included in a catalogue, price list, schedule, or other form that is regularly maintained by a manufacturer or contractor; is either published or otherwise available for inspection by customers; and states the price at which sales are currently or were last made to a significant number of any category of buyers or buyers constituting the general (non-government) buying public for the goods or services involved.
- (3) "Established market price" which means a current price, established in the usual and ordinary course of trade between buyers and sellers, which can be substantiated from sources independent of the manufacturer or supplier and may be an indication of the reasonableness of price.
- (4) Prices set by law or regulation which means

the price of a good or service is set by law or rule if some governmental body establishes the price that the contractor may charge the State and other customers.

(b) If, despite the existence of an established catalogue price or market price, and after consultation with the prospective contractors, the procurement officer considers that the price is not reasonable, cost or pricing data may be requested. Where the reasonableness of the price can be assured by a request for cost or pricing data limited to data pertaining to the differences in the item or services being procured and those listed in the catalogue or market, requests should be so limited.

(c) When the chief procurement officer or the head of a purchasing agency determines in writing to waive the applicable requirements of paragraphs (1) or (2) in section 3-122-123 for submission of cost or pricing data in a particular pricing action and the reasons for the waiver are stated in the determination, a copy of the determination shall be kept in the contract file and made available to the public upon request.

(d) If after cost or pricing data were initially requested and received, it is determined that adequate price competition does exist, the data need not be certified. [Eff 12/15/95; am and comp 11/17/97; am and comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-312) (Imp: HRS §103D-312)

§3-122-125 Submission of cost or pricing data and certification. (a) When cost or pricing data are required, they shall be submitted to the procurement officer prior to beginning price negotiations at any reasonable time and in any reasonable manner prescribed by the procurement officer. When the procurement officer requires the offeror or contractor to submit cost or pricing data in support of any proposal, the data shall either be actually submitted or specifically identified in writing.

(b) The offeror or contractor is required to keep the submission current until the negotiations are concluded.

(c) The offeror or contractor shall certify as soon as practicable after agreement is reached on price that the cost or pricing data submitted are accurate, complete, and current as of the date of reaching agreement on price.

(d) A refusal by an offeror to supply the required data shall be referred to the chief procurement officer or the head of a purchasing agency, whose duty shall be to determine in writing whether to disqualify the noncomplying bidder or offeror, to defer award pending further investigation, or to enter into the contract. A refusal by a contractor to submit the required data to support a price adjustment shall be referred to the chief procurement officer or the head of a purchasing agency who shall determine in writing whether to further investigate the price adjustment, not to allow any price adjustment, or to set the amount of the price adjustment, subject to the contractor's rights under chapter 3-126. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-312)

§3-122-126 Certificate of current cost or pricing data.

(a) When cost or pricing data must be certified, the certificate of current cost or pricing data form provided by the policy board shall be included in the contract file along with any award documentation required under this subchapter. The offeror or contractor shall be required to submit the certificate as soon as practicable after agreement is reached on the contract price or adjustment.

(b) Although the certificate pertains to "cost or pricing data," it is not to be construed as a representation as to the accuracy of the offeror's or contractor's judgment on the estimated portion of future costs or projections. It does, however, constitute a representation as to the accuracy of the data upon which the offeror's or contractor's judgment is based. A certificate of current cost or pricing data shall not substitute for examination and analysis of the offeror's or contractor's proposal.

(c) Whenever it is anticipated that a certificate of current cost or pricing data may be required, notice of this requirement shall be included in the solicitation. If a certificate is required, the contract shall include a clause giving the State a contract right to reduction in the price as provided herein.

(d) The exercise of an option at the price established in the initial negotiation in which certified cost or pricing data were used does not require recertification or further submission of data. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp

11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-312)

§3-122-127 Defective cost or pricing data. (a) If certified cost or pricing data are subsequently found to have been inaccurate, incomplete, or not current as of the date stated in the certificate, the State is entitled to an adjustment of the contract price, including profit or fee, to exclude any significant sum by which the price, including profit or fee, was increased because of the defective data. It is presumed that overstated cost or pricing data increased the contract price in the amount of the defect plus related overhead and profit or fee. Therefore, unless there is a clear indication that the defective data were not used or relied upon, the price should be reduced by the amount. In establishing that the defective data caused an increase in the contract price, the procurement officer is not expected to reconstruct the negotiation by speculating as to what would have been the mental attitudes of the negotiating parties if the correct data had been submitted at the time of agreement on price.

(b) In determining the amount of a downward adjustment, the contractor shall be entitled to an offsetting adjustment for any understated cost or pricing data submitted in support of price negotiations for the same pricing action up to the amount of the State's claim for overstated cost or pricing data arising out of the same pricing action.

(c) If the contractor and the procurement officer cannot agree as to the existence of defective cost or pricing data or amount of adjustment due to defective cost or pricing data, the procurement officer shall set an amount in accordance with the provisions of this subchapter and the contractor may appeal this decision as a contract controversy under chapter 3-126. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-312)

§3-122-128 Cost analysis techniques. Cost analysis includes the appropriate verification of cost or pricing data, and the use of this data to evaluate:

- (1) Specific elements of costs which may include direct labor, indirect costs, direct material, other direct costs, subcontract

- costs, and fixed fee or profit;
- (2) The necessity for certain costs;
- (3) The reasonableness of amounts estimated for the necessary costs;
- (4) The reasonableness of allowances for contingencies;
- (5) The basis used for allocation of indirect costs;
- (6) The appropriateness of allocations of particular indirect costs to the proposed contract; and
- (7) The reasonableness of the total cost or price. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-312)

§3-122-129 Price analysis techniques. (a) Price analysis is used to determine if a price is reasonable and acceptable. It involves an evaluation of the prices for the same or similar items or services. Examples of price analysis criteria include but are not limited to:

- (1) Price submissions of prospective bidders or offerors in the current procurement;
 - (2) Prior price quotations and contract prices charged by the bidder, offeror, or contractor;
 - (3) Prices published in catalogues or price lists;
 - (4) Prices available on the open market; and
 - (5) In-house estimates of cost.
- (b) In making the analysis, consideration must be given to any differing terms and conditions. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-312)

§3-122-130 Evaluation of cost or pricing data. Evaluations of cost or pricing data should include comparisons of costs and prices of an offeror's cost estimates with those of other offerors and any independent state price and cost estimates. They shall also include consideration of whether the costs are reasonable and allocable under the pertinent provisions of chapter 3-123. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-312)

§§3-122-131 to 3-122-132 (Reserved).

SUBCHAPTER 16

TYPES OF CONTRACTS

§3-122-133 Restrictive or prohibitive use of certain types of contracts. (a) Subject to the limitations of this section, any type of contract that will promote the purchasing agency's best interests may be used, except that cost-reimbursement and cost-plus-a-percentage-of-cost contracts are:

- (1) Restricted to only when the chief procurement officer determines in writing that the contracts are likely to be less costly than any other type of contract or that it is impracticable to obtain the goods, services, or construction required except by means of the contracts.
 - (2) Prohibited if their use would jeopardize the receipt of federal assistance moneys or reduce the amount of the assistance under any applicable federal statute or regulation.
- (b) Award of a cost-plus-a-percentage-of-cost contract may not be made unless:
- (1) Notice is given to the head of the compliance audit unit, president of the senate, speaker of the house of representatives, and the chairpersons of the senate ways and means and house finance committees; and
 - (2) Notice is conspicuously posted in an area accessible to the public in the office of the procurement officer and available for public inspection during normal business hours.
- (c) The determinations required by this section shall be final and conclusive unless they are clearly erroneous, arbitrary, capricious, or contrary to law. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-313, 103D-318) (Imp: HRS §§103D-313, 103D-318)

§3-122-134 Selection of contract types. (a) The selection of an appropriate contract type depends on factors, including but not limited to:

- (1) The nature of the goods, services, or construction to be procured;
 - (2) The uncertainties which may be involved in contract performance;
 - (3) The extent to which the purchasing agency or the contractor is to assume the risk of the cost of performance of the contract; and
 - (4) The degree of responsibility assumed by the contractor.
- (b) The objective when selecting a contract type is to obtain the best value in needed goods, services, or construction in the time required and at the lowest cost or price to the purchasing agency.
- (1) To achieve this objective, the procurement officer, before choosing a contract type, should review the elements of the procurement which directly affect the cost, time, risk, and profit incentives bearing on the performance.
 - (2) Factors to be considered in selecting any type of contract include, but are not limited to:
 - (A) The type and complexity of the good, service, or construction item being procured;
 - (B) The difficulty of estimating performance costs as the inability of the agency to develop definitive specifications, to identify the risks to the contractor inherent in the nature of the work to be performed, or otherwise to establish clearly the requirement of the contract;
 - (C) The administrative costs to both parties;
 - (D) The degree to which the purchasing agency must provide technical coordination during the performance of the contract;
 - (E) The effect of the choice of the type of contract on the amount of competition to be expected;
 - (F) The stability of material or commodity market prices or wage levels;
 - (G) The urgency of the requirement; and
 - (H) The length of contract performance.
- [Eff 12/15/95; comp 11/17/97;

§3-122-135 Types of contracts. (a) Contract types described below are the principal contract types and any other type not described may be used, subject to the prohibition and restriction in section 3-122-133.

(b) Contract types are categorized based on the following and a type of contract may be a combination of any of the following:

- (1) Compensation, which includes:
 - (A) Fixed-price contract, pursuant to section 3-122-136, as follows:
 - (i) Firm fixed-price contract; and
 - (ii) Fixed-price contract with price adjustment.
 - (B) Cost-reimbursement contract, pursuant to section 3-122-137, as follows:
 - (i) Cost contract without fee;
 - (ii) Cost-plus-fixed fee contract of the completion form type or the term form type; and
 - (iii) Cost-plus-a-percentage-of-cost contract.
- (2) Cost incentives to provide special incentives to reduce total costs of performance, which includes:
 - (A) Cost-incentive contract, pursuant to section 3-122-138, as follows:
 - (i) Fixed-price cost incentive contract; and
 - (ii) Cost-reimbursement contract with cost incentive fee.
- (3) Performance incentive, pursuant to section 3-122-139;
- (4) Time and materials, pursuant to section 3-122-140;
- (5) Labor hour, pursuant to section 3-122-141;
- (6) Quantity, which includes:
 - (A) Definite quantity contract, pursuant to section 3-122-142; and
 - (B) Indefinite quantity contract, which includes requirements contract, pursuant to section 3-122-143.
- (7) Use of multiple sources when conditions exist under which it is either necessary or advantageous to award a contract to more than one supplier for the same item on a solicitation, or for similar items, which

includes:

- (A) Incremental award contract of a definite quantity, pursuant to section 3-122-144;
 - (B) Multiple award contract of an indefinite quantity, pursuant to section 3-122-145; and
 - (C) Geographic or regional award contract, pursuant to section 3-122-146.
- (8) Passing of title, which includes lease contracts, pursuant to section 3-122-147;
 - (9) Installment purchase payments, pursuant to section 3-122-148; and
 - (10) Length of contract, which includes multi-term contracts, pursuant to section 3-122-149.
[Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-313, 103D-322) (Imp: HRS §§103D-313, 103D-315, 103D-322)

§3-122-136 Fixed-price contract. (a) The fixed-price contract is the only type of contract that can be used in competitive sealed bidding. It places responsibility on the contractor for the delivery of the goods or the complete performance of the services or construction in accordance with the contract terms at a price that may be firm or may be subject to contractually specified adjustments. It is appropriate for use when the extent and type of work necessary to meet the purchasing agency's requirements can be reasonably specified and the cost can be reasonably estimated, as is generally the case of construction or standard commercial products.

(b) The firm fixed-price contract is one type of fixed-price contract. It provides a price that is not subject to adjustment due to variations in the contractor's cost of performing the work specified in the contract. It should be used whenever prices which are fair and reasonable to the purchasing agency can be established at the outset. Bases upon which firm fixed prices may be established include:

- (1) Adequate price competition for the contract;
- (2) Comparison of prices in similar prior procurement in which prices were fair and reasonable;
- (3) Establishment of realistic costs of performance by utilizing available cost or price data and identifying certainties in contract performance; or

(4) Use of other adequate means to establish a firm price.

(c) The fixed-price contract with price adjustment is another type of fixed-price contract. It provides for variation in the contract price under special conditions defined in the contract, other than customary provisions authorizing price adjustments due to modifications to the work. The formula or other basis by which the adjustment in contract price can be made shall be specified in the solicitation and the resulting contract. Adjustment allowed may be upward or downward only or both upward and downward.

(d) Examples of conditions under which adjustments may be provided are:

(1) In fixed-priced contracts:

- (A) Changes in the contractor's labor agreement rates as supplied to industry or area wide; or
- (B) Changes due to rapid and substantial price fluctuations, which can be related to an accepted index; and

(2) In requirements contracts:

- (A) When a general price change applicable to all customers occurs; or
- (B) When a general price change alters the base price, as a change in a manufacturer's price to which a fixed discount is applied pursuant to the contract to determine the contract price. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; am and comp 11/15/03]
(Auth: HRS §§103D-202, 103D-313) (Imp: HRS §103D-313)

§3-122-137 Cost-reimbursement contract. (a) The cost-reimbursement contract, subject to section 3-122-133, provides for payment to the contractor of allowable costs incurred in the performance of the contract as determined in accordance with subchapter 15 and as provided in the contract.

(b) It establishes at the outset an estimated cost for the performance of the contract and a dollar ceiling which the contractor may not exceed, except at its own expense, without prior approval or subsequent ratification by the procurement officer and, in addition, may provide for payment of a fee.

(c) It has a provision whereby the contractor agrees to perform as specified in the contract until

the contract is completed or until the costs reach the specified ceiling, whichever occurs first.

(d) It is appropriate when the uncertainties involved in contract performance are of the magnitude that the cost of contract performance cannot be estimated with sufficient certainty to realize economy by use of any type of fixed-price contract.

(e) It necessitates appropriate monitoring by agency personnel during performance so as to give reasonable assurance that the objectives of the contract are being met.

(f) It is particularly suitable for research, development, and study type contracts.

(g) It may be used only when it is determined that:

- (1) A contract is likely to be less costly to the purchasing agency than any other type or that it is impracticable to obtain otherwise the goods, services, or construction;
- (2) The proposed contractor's accounting system will permit timely development of all necessary cost data in the form required by the specified contract type contemplated; and
- (3) The proposed contractor's accounting system is adequate to allocate costs in accordance with generally accepted accounting principles.

(h) The cost contract is one type of cost-reimbursement contract which provides that the contractor will be reimbursed for allowable costs incurred in performing the contract but will not receive a fee.

(i) The cost-plus-fixed fee contract is another type of cost-reimbursement contract:

- (1) It provides for payment to the contractor of an agreed fixed fee in addition to reimbursement of allowable incurred costs. The fee is established at the time of contract award and does not vary whether or not the actual cost of contract performance is greater or less than the initial estimated cost established for the work. Thus, the fee is fixed but not the contract amount because the final contract amount will depend on the allowable costs reimbursed. The fee is subject to adjustment only if the contract is modified to provide for an increase or decrease in the scope of work specified in the contract.

- (2) It can be either a completion form or term form.
- (A) The completion form is one which describes the scope of work to be done as a clearly defined task or job with a definite goal or target expressed and with a specified end-product required. This form of cost-plus-fixed fee contract normally requires the contractor to complete and deliver the specified end-product as a condition for payment of the entire fixed-fee established for the work and within the estimated cost if possible. However, in the event the work cannot be completed within the estimated cost, the agency can elect to require more work and effort from the contractor without increase in fee provided it increases the estimated cost.
 - (B) The term form is one which describes the scope of work to be done in general terms and which obligates the contractor to devote a specified level of effort for a stated period of time. The fixed fee is payable at the termination of the agreed period of time. Payment is contingent upon certification that the contractor has exerted the level of effort specified in the contract in performing the work called for and that the performance is considered satisfactory by the purchasing agency.
 - (C) The completion form of the cost-plus-fixed fee contract is preferred over the term form whenever the following can be defined with sufficient precision to permit the development of estimates within which prospective contractors can reasonably be expected to complete the work:
 - (i) The work itself; or
 - (ii) Specific milestones which are definable points in a program when certain objectives can be said to have been accomplished.
 - (D) In no event should the term form of the cost-plus-fixed fee contract be used unless the contractor is obligated by

the contract to provide a specific level-of-effort within a definite period of time.

(j) The cost-plus-a-percentage-of-cost contract is another type of cost-reimbursement contract. Its use is restricted or prohibited, pursuant to section 3-122-133. Prior to completion of the work, the parties agree that the fee will be a predetermined percentage of the total cost of the work. The contract provides incentive for the contractor to incur cost at the expense of the State since the more the contractor spends, the greater its fee. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; am and comp 11/15/03] (Auth: HRS §§103D-202, 103D-313) (Imp: HRS §103D-313)

§3-122-138 Cost-incentive contract. (a) The cost-incentive contract provides for the reimbursement to the contractor of allowable costs incurred up to the ceiling amount and establishes a formula whereby the contractor is rewarded for performing at less than target costs or is penalized if it exceeds target cost.

(b) The profit or fee under the contract will vary inversely with the actual, allowable costs of performance and consequently is dependent on how effectively the contractor controls cost in the performance of the contract.

(c) The fixed-price cost incentive contract is one type of cost incentive contract. The parties establish at the outset a target cost, a target profit, a formula which provides a percentage increase or decrease of the target profit depending on whether the actual cost of performance is less than or exceeds the target cost, and a ceiling price. After performance of the contract, the actual cost of performance is arrived at based on the total incurred allowable costs as determined in accordance with subchapter 15 and as provided in the contract. The final contract price is then established in accordance with the formula using the actual cost of performance. The final contract price may not exceed the ceiling price. The contractor is obligated to complete performance of the contract, and, if actual costs exceed the ceiling price, the contractor suffers a loss.

The fixed-price cost incentive contract serves three objectives:

- (1) It permits the establishment of a firm ceiling price for performance of the contract

which takes into account uncertainties and contingencies in the cost of performance;

- (2) It motivates the contractor economically since cost is in inverse relation to profit--the lower the cost, the higher the profit; and
- (3) It provides a flexible pricing mechanism for establishing a cost sharing responsibility between the State and contractor depending on the nature of the goods, services, or construction being procured, the length of the contract performance, and the performance risks involved.

(d) The cost-reimbursement contract with cost incentive fee is another type of cost-incentive contract. The parties establish at the outset a target cost, a target fee, a formula for increase or decrease of fee depending on whether actual cost of performance is less than or exceeds the target cost, with maximum and minimum fee limitations, and a cost ceiling which represents the maximum amount which the agency is obligated to reimburse the contractor. The contractor continues performance until the work is complete or costs reach the ceiling specified in the contract. After performance is complete or costs reach the ceiling, the total incurred, allowable costs reimbursed in accordance with subchapter 15 and as provided in the contract are applied to the formula to establish the incentive fee payable to the contractor. This type of contract gives the contractor a stronger incentive to efficiently manage the contract than a cost-plus-fixed-fee contract provides.

(e) Prior to entering into any cost incentive contract, or any cost-reimbursed contract with cost incentive fee, the procurement officer shall make the written determination required by section 3-122-137(g). [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; am and comp 11/15/03] (Auth: HRS §§103D-202, 103D-313) (Imp: HRS §103D-313)

§3-122-139 Performance incentive contract. (a) In a performance incentive contract, the parties establish at the outset a pricing basis for the contract, performance goals, and a formula which varies the profit or the fee if the specified performance goals are exceeded or not met.

(b) For example, early completion may entitle the contractor to a bonus while later completion may

entitle the State to a price decrease. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-313) (Imp: HRS §103D-313)

§3-122-140 Time and materials contract. (a) A time and materials contract provides an agreed basis for payment for materials supplied and labor performed.

(b) It shall, to the extent possible, contain a stated ceiling or an estimate that shall not be exceeded without prior agency approval.

(c) A time and materials contract shall be entered into only after the procurement officer determines in writing that:

- (1) Agency personnel have been assigned to closely monitor the performance of the work; and
- (2) In the circumstances, it would not be practicable to use any other type of contract to obtain needed goods, services, or construction, in the time required, and at the lowest cost or price to the purchasing agency. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-313) (Imp: HRS §103D-313)

§3-122-141 Labor hour contract. (a) A labor hour contract provides only for the payment of labor performed.

(b) It shall contain the same ceiling as provided in subsection 3-122-140(b).

(c) Prior to the award of the contract, the procurement officer shall make the determination as required in subsection 3-122-140(c). [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-313) (Imp: HRS §103D-313)

§3-122-142 Definite quantity contract. A definite quantity contract is a type of fixed-price contract that provides for delivery of a specified quantity of goods or services either at specified times or when ordered. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-313) (Imp: HRS §103D-313)

§3-122-143 Indefinite quantity contract. (a) An

indefinite quantity contract is a type of fixed-price contract for an indefinite amount of goods or services to be furnished at specified times, or as ordered.

(b) The solicitation for an indefinite quantity contract:

- (1) Shall include an approximate quantity or the best information available as to quantity.
- (2) May provide a minimum quantity the purchasing agency is obligated to order and may also provide for a maximum quantity provision that limits the purchasing agency's obligation to order.

(c) A requirements contract is a type of indefinite quantity contract for goods or services that obligates the purchasing agency to order all the actual requirements of designated agencies during a specified period of time, and for the protection of the purchasing agency and the contractor, may include the following:

- (1) A provision which requires the purchasing agency and any other users named in the solicitation to order their actual requirements of the goods or services covered; and
- (2) A provision to reserve the right to take bids separately if a particular quantity requirement arises which exceeds the purchasing agency's normal requirements or an amount specified in the contract.

(d) An exemption from ordering under a requirements contract may be granted when the chief procurement officer, head of the purchasing agency, or a designee approves a finding that the good or service under the contract will not meet the needs of the purchasing agency. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-313) (Imp: HRS §103D-313)

§3-122-144 Incremental award contract. (a) An incremental award contract is a type of a definite quantity contract resulting from conditions under which it was either necessary or advantageous to award a contract to more than one supplier for the same item on a solicitation, or for similar items.

(b) An incremental award contract is a contract based on an award of portions of a definite quantity requirement to more than one contractor, and each portion is for a definite quantity and the sum of the

portions is the total definite quantity required.

(c) This type of contract may be used only when awards to more than one bidder or offeror for different amounts of the same item are necessary to obtain the total quantity or the required delivery dates.

(d) If this type of contract is anticipated prior to issuing a bid or proposal, the State shall reserve the right to make an incremental award and the criteria for award shall be stated in the bid or proposal and the bid or proposal shall provide for separate-item bids on less than the full quantity or the total delivery.

(e) Evaluation and award shall be made by accepting prices and deliveries beginning with the most economical and progressing to higher offers until the full requirements are committed at the lowest overall cost available.

(f) Competitive sealed bidding, subchapter 5, is the conventional procurement method for establishing this type of contract, although competitive sealed proposals, small purchase procedures, and emergency procurements may be used if appropriate as determined in accordance with subchapters 6, 8, and 10.

(g) The procurement officer shall make a written determination setting forth the reasons for the incremental award, which shall be made a part of the procurement file. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-322) (Imp: HRS §103D-322)

§3-122-145 Multiple award contract. (a) A multiple award contract is a contract resulting from an award of an indefinite quantity requirement for one or more similar goods or services to more than one bidder or offeror. The relative importance of price may vary based on the requirement and method of source selection. In making a best value determination under a competitive sealed proposals process, the purchasing agency may consider among other factors: special features, trade-in, life cycle, warranties, service availability, past performance, environmental and or energy efficiency considerations, and competition in the marketplace.

(b) The chief procurement officer shall determine, and the solicitation shall so state, if use of multiple award contracts is voluntary or mandatory for purchasing agencies.

(c) Multiple awards may be limited to a number of

suppliers necessary to meet the valid requirements of using agencies and to provide for best value and competitive pricing.

(d) All eligible users of the contract shall be named in the solicitation or be allowed to participate at a later date.

(e) The State shall reserve the right to take offers separately if:

- (1) A particular quantity requirement arises which exceeds its normal requirement or an amount specified in the contract; or
- (2) The head of a purchasing agency approves a finding that the goods or services available under the contract will not meet a nonrecurring special need of the State.

(f) The contract shall allow the using agencies to procure goods produced, or services performed, incidental to the State's own programs, as correctional industries, when the goods or services satisfy the need.

(g) A multiple award contract may also be awarded through a single competitive solicitation on a geographic or regional basis, pursuant to section 3-122-146. [Eff 12/15/95; am and comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-322) (Imp: HRS §103D-322)

§3-122-146 Geographic or regional award contract.

(a) Geographic or regional award contract is a type of multiple-award contract made when goods or services are required to widely scattered locations or a particular requirement is of a local nature.

(b) Geographic regions may include:

- (1) Oahu as region 1, and further subdivided into leeward 1A, central Oahu-lower 1B, central Oahu-upper 1C, and windward 1D.
- (2) Maui as region 2, Hawaii as region 3, Kauai as region 4.
- (3) Those vendors that can provide goods, services, or construction anywhere in the State would be identified as region 5, or they may select one or more of the regions in paragraphs (1) and (2) depending on their capabilities.

(c) Geographic purchasing can be advantageous, or even necessary, for a number of reasons related to cost of transportation in terms of cost of the product or to the need for local service, and limits the purchases to

firms located in the area involved and to firms which serve that area.

(d) Geographic bidding should not be used, however, where a larger contract can satisfy agencies requirements by more effective competition and at lower costs.

(e) If a regional award is anticipated prior to issuing a solicitation, the State shall reserve the right to make the award and the criteria for award shall be stated in the solicitation.

(f) The procurement officer shall make a written determination setting forth the reasons for a regional award, which shall be made a part of the procurement file. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-322) (Imp: HRS §§103D-322, 103D-904)

§3-122-147 Lease contract. (a) A lease is a contract for the use of goods under which title does not pass to the agency.

(b) A lease may be entered into provided:

- (1) It is in the best interest of the purchasing agency;
- (2) All conditions for renewal and costs of termination are set forth in the lease; and
- (3) The lease is not used to circumvent normal procurement procedures.

(c) A lease contract shall comply with the certification of funds requirement, pursuant to section 3-122-102(b).

(d) The following lease arrangements are subject to the competitive sealed bidding or proposals process when section 103D-305, HRS, does not apply:

- (1) When a lease is for at least one year;
- (2) When a lease agreement contains an option to purchase and the total expenditure under this option includes lease or rental payments; or
- (3) When the total expenditure is for a multi-term contract.

(e) When the lease arrangement is subject to the competitive sealed bidding or proposals process and an option to purchase is contemplated, an option to purchase provision shall be included in the solicitation. The provision shall provide that to exercise the option is at the purchasing agency's discretion only, and not subject to agreement or acceptance by the contractor. Before exercising the option the procurement officer shall:

- (1) Investigate alternative means of procuring comparable goods; and
- (2) Compare estimated costs and benefits associated with the alternative means and the exercise of the option, for example, the benefit of buying new state-of-the-art goods compared to the estimated, initial savings associated with exercise of a purchase option. [Eff 12/15/95; am and comp 11/17/97; am and comp 7/25/02; comp 11/15/03]
(Auth: HRS §§103D-202, 103D-313) (Imp: HRS §103D-313)

§3-122-148 Installment purchase payment contract.

(a) Goods contracts may provide for purchase payments, including interest charges, over a period of time.

(b) Installment payments should be used judiciously in order to achieve economy and not to avoid budgetary restraints and shall be justified in writing by the head of the purchasing agency.

(c) Heads of purchasing agencies shall be responsible for ensuring that statutory or other prohibitions are not violated by use of installment provisions and that all budgetary, funding, or other required prior approvals are obtained.

(d) When used, a provision for installment payments shall be included in the solicitation document.

(e) An installment purchase payment contract shall comply with the certification of funds requirement pursuant to section 3-122-102(b). [Eff 12/15/95; comp 11/17/97; am and comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-313) (Imp: HRS §103D-313)

§3-122-149 Multi-term contract. (a) The objective of the multi-term contract is to encourage effective competition or otherwise promote economies in the procurement of goods and services.

(b) A multi-term contract extends over more than one fiscal period but funds are available for only the initial fiscal period, and the contractual obligation of both parties in each fiscal period succeeding the first is subject to the appropriation and availability of funds.

(c) When funds are not appropriated or otherwise made available to support continuation of performance

in a subsequent fiscal period, the contract shall be canceled and the contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the good or service delivered under the contract.

- (d) A multi-term contract may be considered:
 - (1) When it is in the best interest of the State to provide uninterrupted service over more than one fiscal period and where the contract will result in significantly more favorable contract terms and prices compared to a series of shorter term contracts for the same good or service due to:
 - (A) High start-up costs; for example, a student bus transportation contractor would incur high start-up costs for buses and other equipment solely to meet the State's requirements but the equipment would have useful life in excess of one year; or
 - (B) A changeover of service contractors with both high phase-in and high phase-out costs during a transition period.
 - (2) When special production, involving alteration in the contractor's facilities or high start-up costs, for definite quantities of goods for more than one fiscal period is necessary to best meet the needs of the State and funds are available only for the initial fiscal period;
 - (3) When firms, otherwise not willing or able to compete because of high start-up costs or capital investment in facility expansion, will be encouraged to participate in the competition because of assurance of recouping the costs during the period of contract performance;
 - (4) When lower production costs because of larger quantity or service requirements, and substantial continuity of production or performance over a longer period of time, can be expected to result in lower unit prices;
 - (5) When stabilization of the contractor's work force over a longer period of time may promote economy and consistent quality; or
 - (6) When the cost and burden of contract solicitation, award, and administration of the procurement may be reduced.
- (e) A multi-term contract may be entered into for

any period of time deemed to be in the best interest of the State, provided the head of the purchasing agency determines in writing that:

- (1) The contract will serve the best interest of the State by encouraging effective competition or otherwise promoting economies in procurement; and
- (2) Sufficient funds to pay for the initial term of the contract are available.

(f) The solicitation for a multi-term contract shall state:

- (1) The term of the contract and conditions for renewal or extension, if any;
- (2) That funds are available for only the initial term of the contract, and the contractual obligation of both parties in each fiscal period succeeding the first is subject to the appropriation and availability of funds;
- (3) The amount of goods or services required for the proposed contract period;
- (4) That a unit price shall be given for each good or service, and that the unit prices shall be the same throughout the contract, except to the extent price adjustment is allowed;
- (5) That the contract will be cancelled only if funds are not appropriated or otherwise made available to support continuation of performance in any fiscal period succeeding the initial term of the contract; however, this does not affect either the State's rights or the contractor's rights under any termination clause of the contract;
- (6) That the head of the purchasing agency must notify the contractor on a timely basis that the funds are, or are not, available for the continuation of the contract for each succeeding fiscal period; and
- (7) That, in the event of cancellation as provided in paragraph (5), the contractor will be reimbursed the unamortized, reasonably incurred, nonrecurring costs.

(g) A cancellation, as used in multi-term contracting, means the cancellation of the total requirements for the remaining portion of the contract because funds were not appropriated or otherwise made available.

- (1) Cancellation of a multi-term contract shall result when the head of the purchasing

agency:

- (A) Notifies the contractor of nonavailability of funds for contract performance for any fiscal period subsequent to the first; or
 - (B) Fails to notify the contractor that funds are available for the succeeding fiscal period or that funds which may be used for the contract have not been appropriated or otherwise made available, by the date set forth in the contract, unless the parties agree to extend the date.
- (2) This subsection does not limit the rights of the State or the contractor under any termination clause of the contract if the contract is terminated pursuant to that clause rather than cancelled as provided in this subsection. [Eff 12/15/95; am and comp 11/17/97; am and comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-315)

§3-122-166 Inspection of plant or site.

Circumstances under which the State may perform inspections include, but are not limited to, inspections of the contractor's plant or site in order to determine:

- (1) Whether the standards set forth in section 3-122-108 have been met or are capable of being met; and
- (2) If the contract is being performed in accordance with its terms. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp

§3-122-167 Access to plant or place of business.
The State may enter the plant or place of business of a contractor, subcontractor, vendor, material supplier, or a professional services provider to:

- (1) Inspect goods or services for acceptance by the State pursuant to the terms of a contract;
- (2) Audit cost or pricing data or audit the books and records pursuant to section 3-122-175; and
- (3) Investigate in connection with an action to debar or suspend a person from consideration for award of contracts pursuant to sections 3-126-11 through 3-126-18. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-316)

§3-122-168 Inspection and testing of goods and services. (a) State contracts may provide that the State may inspect supplies and services as required at any site or facility and perform tests to determine whether they conform to solicitation requirements, or after award, to contract requirements, and are therefore acceptable. The inspections and tests shall be conducted in accordance with the terms of the solicitation and contract.

(b) The chief procurement officer may establish operational procedures governing the testing and trial use of equipment, materials, and other supplies by any state agency, and the application of resulting information and data to specifications or procurements. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-316)

§3-122-169 Conduct of inspections. (a) Inspections or tests shall be performed so as not to unduly delay the work. The presence or absence of an inspector shall not result in the waiver of any requirements of the contract, nor shall any act, statement or omission by an inspector constitute or be deemed a change unless the procedure for changes is

followed.

(b) When an inspection is made in a plant or place of business, the contractor or subcontractor shall provide without charge, all reasonable facilities and assistance for the safety and convenience of the person performing the inspection or testing.

(c) Inspection or testing of supplies and services performed at a plant or place of business shall be performed at reasonable times. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-316)

An audit report shall be prepared in accordance with section 3-122-178 or section 3-122-180. Except when the audit is done in response to a claim for additional compensation or in connection with an investigation for criminal conduct or fraud relating to the procurement, the report shall be made available to the party audited upon request. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-317)

- (1) A question as to the adequacy of accounting policies or cost systems;
- (2) A substantial change in the methods or levels of operation;
- (3) Previous unfavorable experience indicating doubtful reliability of estimating, accounting, or purchasing methods;

[Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-317)

(a) Under the authority of section 3-122-175, the type of contract under which books and records should be audited is that in which price is based on costs or is subject to adjustment based on costs, or that in which auditing would be appropriate to assure satisfactory performance, as a time and materials contract.

(b) The requirement of a contract audit may be warranted when a question arises in connection with:

- (1) The financial condition, integrity, and reliability of the contractor or subcontractor;
- (2) Any prior audit experience;
- (3) The adequacy of the contractor's or subcontractor's accounting system;
- (4) The number or nature of invoices or reimbursement vouchers submitted by the contractor or subcontractor for payment;

The scope of the report will depend on the scope of the audit ordered. However, the report should contain specific reference to the terms of the contract to which the audited data relate and a statement of the degree to which the auditor believes the audited data evidence compliance with those terms. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-317)

§3-122-186 REPEALED. [R 7/25/02]

SUBCHAPTER 21

REPORTING OF ANTICOMPETITIVE PRACTICES

§3-122-191 Anticompetitive practices. For the purposes of these rules, an anticompetitive practice is a practice among bidders or offerors which reduces or eliminates competition or restrains trade. An anticompetitive practice can result from an agreement or understanding among competitors to restrain trade as submitting collusive offers, or result from illicit business actions which have the effect of restraining trade, as controlling the resale price of products or an improper collective refusal to submit an offer. Indications of suspected anticompetitive practices include, but are not limited to, identical offers, rotated low offers, sharing of the business, "tie-in" sales, resale price maintenance, and group boycotts. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-319)

§3-122-192 Independent price determination. Every solicitation shall provide that by submitting an offer, the offeror certifies that the price submitted was independently arrived at without collusion. [Eff

12/15/95; comp 11/17/97; comp 7/25/02; comp
11/15/03] (Auth: HRS §103D-202) (Imp: HRS
§103D-319)

§3-122-193 Detection of anticompetitive practices. In order to assist in ascertaining whether or not an anticompetitive practice may have occurred or may be occurring, the procurement officer should be alert and sensitive to conditions of the market place and will often find it necessary to perform the following, as appropriate:

- (1) Study the pricing history of a good, service, or construction item over a period of time sufficient to determine any significant pricing patterns or changes;
- (2) Review similar state contract awards over a period of time; or
- (3) Consult with outside sources of information, as offerors who have competed for similar state business in the past but who are no longer competing for the business. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-319)

§3-122-194 Identical bidding and price fixing. (a) The term "identical bidding" means the submission by offerors of the same total price or the same price on a particular line item. The submission of identical offers may or may not signify the existence of collusion. In some instances, price controls imposed by state or federal governments result in the submission of identical offers. Identical offers for supplies are more likely to occur in the absence of collusion if:

- (1) The supply is a commodity with a well-established market price or a brand name with a "suggested retail price;"
- (2) The quantity being purchased is small in relation to the supplier's total sales;
- (3) Early delivery is required; or
- (4) Transportation expenses are low relative to total costs.

(b) In seeking to determine whether collusion has taken place, the procurement officer should view the identical offers against present and past pricing policies of the bidders or offerors, the structure of

the industry involved including comparisons of prices f.o.b. shipping point and f.o.b. destination, and the nature of the supply, service, or construction involved, as whether it is a basic chemical or metal. Identical offers may also result from resale price maintenance agreements which are described in section 3-122-83. Any other attempt by offerors to fix prices should also be reported. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-319)

§3-122-195 Other anticompetitive practices. (a) The practices which are described in this section and which the procurement officer suspects might be anticompetitive shall be reported in accordance with section 3-122-196.

(b) Rotated low offers result where all offerors participating in the collusive scheme submit offers and by agreement, alternate being the lowest offeror. To aid in determining whether rotation may be occurring, the procurement officer should review past similar procurements in which the same offerors have participated.

(c) The practice of resale price maintenance consists of an agreement between a manufacturer and a distributor or a dealer to fix the resale price of a good. A procurement officer should consider the possibility that an agreement exists where prices offered adhere to an established pattern, as a published price schedule, and when identical bidding occurs.

(d) Sharing of the business occurs where potential offerors allocate business among themselves based on the customers or the territory involved. Thus, a procurement officer might discover that a potential offeror is not participating in a state procurement because a particular state agency, or a particular territory, has not been allocated to the offeror by the producer or manufacturer.

(e) "Tie-in" sales are those in which an offeror attempts to sell one good or service only upon the condition that the procurement officer purchase another particular good or service.

(f) A group boycott results from an agreement between competitors not to deal with another competitor or not to participate in, for instance, a state procurement until the boycotting competitors' conditions are met by the boycotted competitor or the

State. The boycott of a competitor by other competitors may have an effect on the market structure or price of a good, service, or construction item needed by the State. [Eff 12/15/95; comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-319)

§3-122-196 Reporting suspected anticompetitive practices. The chief procurement officer, in consultation with the respective attorney general or corporation counsel, may develop procedures, including forms, for reporting suspected anticompetitive practices. A procurement officer who suspects that anticompetitive practice has occurred or may be occurring shall follow these procedures. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §103D-202) (Imp: HRS §103D-319)

(c) A contract performance bond indemnifies the State against loss resulting from the failure of the contractor to perform a contract, in particular a construction contract, in accordance with the plans and specifications.

(d) A contract payment bond guarantees payment and protection for those furnishing labor and materials to the contractor or its subcontractors for the work bonded. [Eff 12/15/95; am and comp 11/17/97; comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-323, 103D-324) (Imp: HRS §§103D-323, 103D-324)

§3-122-222 Acceptable bid security, contract performance and payment bonds. (a) Acceptable bid security and contract performance and payment bonds, pursuant to section 103D-302 and 103D-303, HRS, shall be limited to:

These instruments may be utilized only to a maximum of \$100,000. - (1) Construction bids exceeding the limits of section 103D-305, HRS;

(b) Bid security, when required, shall be in an amount equal to at least five per cent of the base bid and additive alternates or in an amount required by the terms of the federal funding.

(c) If a contractor fails to accompany its offer with the bid security when required, the offer shall then be deemed nonresponsive in accordance with the definition of "responsive bidder or offeror" in section 3-120-3, except as provided by subsection (d).

(d) If an offer does not comply with the security requirements of this subchapter, the offer shall be rejected as nonresponsive, unless the failure to comply is determined by the chief procurement officer, the head of a purchasing agency, or a designee of either officer, to be nonsubstantial where:

- (1) Only one offer is received, and there is not sufficient time to resolicit the contract;
- (2) The amount of the bid security submitted, though less than the amount required by the solicitation, is equal to or greater than the difference in the price stated in the next higher acceptable offer plus an amount to cover reasonable administrative costs and expenses, including the cost of rebidding the project, resulting from the failure of the bonded bidder to enter into a contract for the work bid; or
- (3) The bid security becomes inadequate as a result of the correction of a mistake in the offer or offer modification in accordance with section 3-122-31, if the offeror

increases the amount of security to required limits within the time established by the procurement officer.

(e) When it is determined that failure to comply with required bid security is nonsubstantial, the chief procurement officer, the head of a purchasing agency, or a designee of either officer shall indicate the reasons for that determination in writing and a copy of the determination shall be kept in the contract file and made available to the public upon request. [Eff 12/15/95; am and comp 11/17/97; am and comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-323) (Imp: HRS §103D-323)

- (4) For federally funded contracts, performance or payment bond or both shall each be in amount required by the terms of the federal funding.

(c) The performance and payment bonds, if required, shall be delivered by the contractor to the State at the same time the contract is executed. If

the contractor fails to deliver the required performance and payment bonds, the contractor's award shall be cancelled, the contractor shall be subject to a claim by the State for all resulting damages, its bid security shall be enforced, and award of the contract may be made to the next lowest offeror in accordance with subchapter 11. (a) Prior to the deadline for receipt of offers and during performance of the contract the amounts of a performance bond and a payment bond may be reduced upon written determination by the chief procurement officer or head of a purchasing agency that it is in the best interest of the State to do so.

- (1) For construction contracts only, and prior to the deadline for receipt of offers, reduction of performance and payment bond amounts shall be limited to not less than fifty per cent of the contract price
- (2) During performance of the contract the amount of the performance bond may be reduced as work is completed and the amount of the payment bond may be reduced as payments are made by the contractor.

(b) Additional performance or payment bond may be required by the procurement officer for a contract change order or modification where the contract amount increases. [Eff 12/15/95; comp 11/17/97; am and comp 7/25/02; comp 11/15/03] (Auth: HRS §§103D-202, 103D-324) (Imp: HRS §103D-324)

may institute an action for the amount, or balance thereof, unpaid at the time of the institution of the action against the contractor or the contractor and its sureties, on the payment bond and have their rights and claims adjudicated in the action, and judgment rendered thereon; subject to the State's priority on the bond.

(b) If the full amount of the liability of the contractor or the contractor and its sureties on the security is insufficient to pay the full amount of the claims, then, after paying the full amount due the State, the remainder shall be distributed pro rata among the claimants.

(c) As a condition precedent to any such suit, written notice shall be given to contractor and surety, within ninety days from the date on which the person did or performed the last labor or furnished or supplied the last of the material for which claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the material was furnished or supplied for whom the labor was done or performed.

(d) The written notice shall be served by registered or certified mailing of the notice, to the contractor and surety, at any place they maintain an office or conduct their business, or in any manner authorized by law to serve summons.

SUBCHAPTER 25

FISCAL RESPONSIBILITY

§3-122-241 Fiscal responsibility. Every contract modification, change order, or contract price adjustment under a contract shall be subject to prior written certification by the appropriate fiscal officer for funding the project or the contract, as to the effect of the contract modification, change order, or adjustment in contract price on the total project budget or the total contract budget. In the event that the certification of the fiscal officer discloses a resulting increase in the total project budget or the total contract budget, the procurement officer shall not execute or make contract modification, change order, or adjustment in contract price unless sufficient funds are available therefor, or the scope of the project or contract is adjusted so as to permit the degree of completion that is feasible within the total project budget or total contract budget as it existed prior to the contract modification, change order, or adjustment in contract price under consideration; provided, that with respect to the validity, as to the contractor, of any executed contract modification, change order, or adjustment in contract price which the contractor has reasonably relied upon, it shall be presumed that there has been compliance with this section."
